

CONSULTATION AND PRICES

The wedding cake experience begins with a consultation. It is about 45 minutes meeting in Irina's creative space. You can expect to try up to 6 of our cake flavours. Please note that the tasting menu changes on weekly basis, but you can always ask us to make the particular flavour you are interested in, we'll do our best to cater to your needs.

Besides the tasting consultation includes a thorough discussion of the design. Please make sure to bring as many pictures as you can to give us the vibe of what your wedding will look like. Invitations, the gown, colour pallet, flowers you want to use – show us everything.

The consultation fee is £50, this will be reduced from the final quote if you choose to order with us.

Prices for wedding cakes start from £400 and depend both on the size of the party and the design.

After a consultation we take some time to make a mood board. Once it is confirmed with you and the deposit for the date is placed - we start sketching the design.
